Council approved the addition of a three color palette to emphasize the graphics.</li> </ul>	UW

ED-1-1	Continue to create and implement Spring Training Marketing Plans for the Goodyear Ballpark.	Economic Development works very closely with Goodyear Ballpark on promotions, business connections, and the annual Visitors Guide. Additionally, staff have established an annual program utilizing a series of Spring Training games to engage local and regional business leaders to promote networking opportunities and business connections.	UW
CC-6-1-a	Enlist the support of community organizations to enhance areas that would benefit from period clean-up programs.	Compass Church is already assisting community members who need assistance by cleaning up weeds on their properties. Code Compliance staff is identifying neighborhoods to target for comprehensive clean-up sweeps and reach out to partners such as Compass Church to assist.	UW
GD-5-1-b	Support “Make a Difference Day” and similar events that encourage community volunteerism.	Make a Difference Day is held annually on the fourth October of the month and is the single largest volunteer day in the county. October 24th, marked the eighth year the City of Goodyear participated. Nearly 250 community members came together with 750 hours of services equating to \$17,300 of value added back to the City!	UW
ED-1-1	Update the EOP to address necessary target-hardening measures to protect critical infrastructure and facilities from acts of terrorism and other disaster events.	The City of Goodyear EOP addresses critical facilities, infrastructure and key resources during an emergency/disaster.	UW
ED-1-1	Create and adopt a communications plan establishing a formal notification process to enhance citizen awareness and education of the EOP.	The City of Goodyear will utilize the Community Emergency Notification System (CENS) and or the Emergency Alert System (EAS) to notify its residents during an emergency/disaster. At this point the EOP is not a public document.	UW
ED-2-1	Implement the creation of bike lanes as identified in the Transportation Master Plan.	No updates at this time	NSOT
ED-3-1	Initiate a dialogue with the RID, BID, <u>ADOT</u> , and the Flood Control District of Maricopa County to discuss using the canals and drainage channels for trails.	No updates at this time	NSOT

GD-6-5-a	Investigate the need to enhance bike lanes and safety on important bicycle routes through methods such as painted bike lanes.	No updates at this time	NSOT
GD-6-7-a	Create and implement a cycling-specific web page on the City's website to provide a wide range of cycling information, announcements, resources, and links to cycling organizations and resources.	No updates at this time	NSOT
GD-6-6-c	Build trails along the Bullard Wash.	This is going to be included in a Master Plan study for the Wellness Park. So it is on track to begin soon.	NSOT
GD-5-1-a	Encourage the use of sustainable materials in the design and construction of parks and recreation facilities.	Parks Department has received verbal support to move up a 30-acre park (with recreation center & aquatic facility) in the CIP plan. If/when that project get going, we would definitely incorporate sustainable materials as able.	NSOT
ED-5-2	Explore the creation of an Art in Private Development program.	<ul style="list-style-type: none"> <li>• AIPD and the impact of the new ordinance was extensively researched by Arts &amp; Culture and Economic Development</li> <li>• Implementing an AIPD ordinance has been placed on hold at this time</li> </ul>	NSOT
CC-1-4-g	Create and publish a bicycle routes map for Goodyear with both on-road and off-road options.	No updates at this time	NSOT
ED-5-2	Identify and create community gathering places that foster community spirit and interaction opportunities.	No updates at this time	NSOT
CC-4-2-a	Associate a website linkage from the City's homepage to direct residents to sites that demonstrate water conservation strategies and techniques.	Development of this project on hold pending development of improved enterprise software and/or adoption of smart water meter technology.	NSOT
